

Bushfire Appeal Update

As has been the case with the Red Cross bushfire appeal, people have been coming forward in droves to offer donations and assistance for the appeal for horse owners.

A **HUGE** thank you needs to go to Nicole from **Nobit Bridles** who has been coordinating this appeal and is working tirelessly to see it through to fruition.

Thank you to the following:

- ◆ **SCT Logistics** in QLD who have kindly agreed to transport all our donated feed to Melbourne so Project Hope are able to get the feed to those who need it
- ◆ Phil & Kelly Maas of Maroon who are donating hay (as well as getting other growers in the area on board)
- ◆ **Equilibrium Supplements** who are donating a pallet load of vit/min supplements
- ◆ Andrew Fraser from **Pisces** of Maroon who is donating 600 bales of hay
- ◆ **Bremmer Stockfeeds** who are donating 1 tonne of mixed feed
- ◆ Albert Snarne and David Potter of Laidley who are donating 700 bales of hay
- ◆ **Value Plus** who are donating bandages and other first aid supplies
- ◆ Jane Stephens of the **Hitchin' Post** from Rockhampton who has coordinated the appeal effort in that area including radio and newspaper coverage
- ◆ **Rod North Transport** (Rockhampton) who will transport all donated items from the Rockhampton drop off point to Brisbane
- ◆ **Alphapharm** at Carole Park who have donated a truck load (literally) of buckets and 200 litre drums suitable for water and feed
- ◆ All those kind people who have donated cash to allow us to purchase more feed
- ◆ **Veterinary Specialist Services** at Springwood and the Gold Coast who are donating bandaging material and disinfectants
